Math: We are working on counting to 50 by 10s. (10, 20, 30, etc) We are also introducing the penny and the nickel. Students will be expected to recognize the coin and tell us the name and the amount of money it is worth.

## Word Wall:

Please practice the word wall words at home with your child. They should be able to spell and read them. The next two words we will be adding are the word *play* and *go*.

Letter Sounds: We have been working on beginning sounds in words. We are beginning to listen to ending sounds as well. We are also using our "rubber bands" to stretch out words.

Writing: Before we do kidwriting in our classroom, we talk about what we want to write about. Talk to your student at home about their favorite things or what they did in school. The better we are at telling stories and having conversations, the better writers we become. Ask for specific details.

Here is my website where you can find resources and information about our classroom. <http://ficchi.wiki.cvsd.k12.pa.us/>
